

WishGarden Herbs, Inc.

Minimum Advertised Price (MAP) Policy

WishGarden Herbs, Inc. has built a strong reputation and following among the consumers of its products. In order to preserve WishGarden Herbs' reputation for providing customers with high value products, and to further support an equal playing field for all approved resellers of our products, WishGarden Herbs has unilaterally established a minimum advertised price policy (the "MAP Policy") for all WishGarden Herbs products. The MAP policy will apply to all U.S. distributors and resellers, including internet resellers, of WishGarden Herbs products (collectively, "Resellers").

The terms of the MAP Policy are as follows:

1. WishGarden Herbs will provide manufacturer suggested retail pricing (MSRP) for all Resellers. Any reduction of the MSRP must be approved in advance by WishGarden Herbs.
2. The MAP Policy shall apply to the Products listed at the end of this document. Minimum advertised prices under the MAP Policy are established by WishGarden Herbs for selected products and may be adjusted by WishGarden Herbs at its sole discretion.
3. The MAP Policy applies to all advertisements of the Products in any and all media, including, but not limited to, flyers, posters, coupons, mailers, inserts, newspapers, magazines, catalogs, mail order catalogs, internet product listings or detail pages, internet or similar electronic media, social media, television, radio, public signage and physical in-store advertising.
4. Pricing listed on an internet site is considered an "advertised price" and must adhere to the MAP Policy. Once the pricing is associated with an actual purchase (i.e., added to a virtual shopping cart or order), the price becomes the selling price and is not bound by the MAP Policy. Statements such as "we will match any price," and "call for price," and "Buy X Get Y" are acceptable as long as the price adjustment is first displayed and applied during the checkout process.
5. If pricing is displayed in advertising, any strike-through or other alteration of the minimum advertised price is inconsistent with the MAP Policy.
6. The MAP Policy applies only to advertised prices and does not apply to the price at which the products are actually sold or offered for sale to an individual consumer. Resellers of Products covered by the MAP Policy remain free to sell such products at any prices they elect as long as the price adjustment is first displayed and applied during the checkout process.
7. Promotional codes, coupons, and other redeemable offers or savings that are applied during checkout are acceptable and do not conflict with the MAP Policy as long as the price adjustment is first displayed and applied during the checkout process.
8. "Bundling" or the inclusion of advertising of free or discounted products (whether made by WishGarden Herbs or another manufacturer) with a Product covered by the MAP Policy would be contrary to the policy if it has the effect of discounting the advertised price of the Product below the minimum advertised price established for such Product.
9. The MAP Policy does not establish maximum advertised prices. All Resellers may offer Products covered by the MAP Policy at any price in excess of the minimum advertised price established for such Products.
10. The MAP Policy does not in any way limit the ability of any Reseller to advertise that they "have the lowest prices," that they "will meet or beat any competitor's price," that users of the Products should "call for a price" or phrases of similar import as long as the price advertised or listed for the Products is not less than the minimum advertised price established for such Products.
11. WishGarden Herbs may, in its sole discretion, discontinue certain Products or engage in promotions with respect to certain Products. In such events, WishGarden Herbs reserves the right to modify or suspend the MAP Policy with respect to the affected Products by notifying Resellers of such change.
12. WishGarden Herbs will monitor the advertised price of Resellers, either directly or via the use of third-party agencies. In the event a Reseller chooses not to follow the MAP Policy, sanctions will be unilaterally imposed by WishGarden Herbs. Failure to abide by the MAP Policy may result in termination of business relationship or distributorship.
13. Resellers may not sell on Amazon.

14. Resellers must use DSHEA-compliant language in all product descriptions.
<https://www.fda.gov/regulatory-information/search-fda-guidance-documents/small-entity-compliance-guide-structurefunction-claims>
15. Resellers should email sales@wishgardenherbs.com to obtain the most current product photos and product descriptions.
16. This policy is applied unilaterally by WishGarden Herbs. WishGarden Herbs does not seek, and will not accept, any alternate agreement to this unilateral policy. Resellers with any questions regarding the MAP Policy should contact sales@wishgardenherbs.com.
